

Meeting at Parr house:

**DRL BOARD MEETING MAY 12, 2021 at 6 PM**

**Carolyn Wayland, Melissa Parr, Joe Gamble (via phone) and Beverly Craft attended**

**(Lakimbrea Reyes was out of town at a funeral)**

**We met to discuss the 2021-2022 budget so it can be added to the billing letter next week. We decided to fix the Homeowners and Lotowners counts to reflect what really exists now. After calculating the costs of Liming, adding Fish/Shad, Shocking and fertilizer applications, we increased the amount for maintaining the lake (water and fish, not easement) 1700 more and decided to use money from the 'reserves' to show we are really not getting enough due money to cover the budget and do what the neighbors were discussing at the annual meeting. We also updated the wording on some labels that were obsolete. Each of the 4 persons attending voted verbally to approve the budget.**

**We discussed our month to month contract with SMS and how to proceed. We will continue to discuss.**

**We discussed needing to update and correct the Dec of Covenants. We can use SurveyMonkey when polling the neighbors. We can use Google Forms also as the Board works on them. We will continue to have more Zoom calls (Lakimbrea has an account for unlimited meeting lengths), and we can add a Comment Box on our website or special email for discussions.**

**We can make our own website and Joe can build it for us where it uses Google Sheets.**

**Everyone needs to come up with 5 questions/ideas for the SurveyMonkey to poll the neighbors about what they want next so that Lakimbrea can compile them and we approve a final version to send to the neighbors. We want the neighbors to be able to see that we are working and improving our neighborhood.**

**Meeting ended at 7:23 PM.**
